

KACC Asbestos PI Trust Policy on Individual Review Offers

Notwithstanding anything to the contrary in the Trust Distribution Procedures, claimants who have elected Individual Review and already have received an IR offer from the Kaiser Asbestos Trust, but have not accepted the IR offer, will have until and including September 30, 2008 to reject the IR offer and elect Expedited Review. During this limited transition period, the rejection of the IR offer and election to proceed under ER will not effect the claimant's position in the claims processing queue or the claims payment queue.
